FOR HONDA, YAMAHA, SUZUKI AND KAWASAKI

BOGE

Built for T.T., Motocross, Road Racing and Scramblers. Two-Way Inner valve, Hydraulic Dampening allows a soft return with no metal to metal clunk. The Factory sealed unit is precision manufactured and will outlast standard re-buildable shocks.

- Progressively wound spring from 60-90 lbs.
- Super heavy duty hard chrome rod.
  5 positions fully adjustable.
  Super light weight.
- Two-Way inner valve hydraulic dampening.
- Finished in High gloss baked enamel
  11¾, 12¼, 13" lengths.

Cycle Guide Magazine Says.....

"The hydraulic damper units work very well and do not fade after long use. For most riders up to 185 pounds and for most off-road conditions, the BOGE shocks perform the rear suspension duties admirably."

MINI BOGE

Exclusive for Mini Enduros, Yamaha Mini Boge is designed for the Mini tough rider.
